Philosophy Statement:

What makes our board special is that it is a collection of individuals of varied education and backgrounds that all work together to ensure we provide the best educational opportunities for our children, the best learning and growth environment for our teachers, while being fiscally responsible to our community. In addition, the Board works well at keeping the focus at the policy level and setting the strategic plan in order that our Superintendent can successfully implement the District vision. Finally, the seven Board Members and the Superintendent work effectively as a unified Team of 8 representing the best interests of our District
