

Jimmy Trotter, Vice-President

Jimmy Trotter and his wife, Ri, have three grown children. Ri is currently the campus intervention specialist at AISD's Chandler Elementary School. Jake, their youngest son, is a 2012 graduate of Allen High School and is currently a senior Geology major at Hardin Simmons University. Trotter's older children, Jennifer and Jansen, as well as their spouses are certified teachers. All five of his grandchildren attend Allen ISD schools. He served as principal of Allen ISD's Lowery Freshman Center and later Allen High School prior to his retirement in 2012.

Mr. Trotter has been involved in public education for 37 years as a teacher, coach, campus and central office administrator and is currently a partner in Educational Operations Consultants, LLC. EOC works with districts throughout Texas and Arkansas to aid the school district in improving operational efficiencies.

He has earned Bachelor's and Master's Degrees in Education from Midwestern State University as well as additional graduate certifications from New Mexico Tech. Jimmy holds teaching certifications in art, biology, earth science, health, and physical education in addition to his principal's certification. He has conducted educational training seminars in Texas, Arkansas, Arizona, California, and Georgia for organizations such as Pearson Education, Texas Association of Secondary Principals, San Jose State University, and his consulting firm EOC.

Since being elected to the Allen ISD Board of Trustees, he has served on the Board's Audit Committee and TASB LAC. He is active in the Sanctuary Choir, Baptist Men, Youth Anomaly discipleship weekends at his Church and storm cleanup efforts in Rowlett Tx after tornadoes hit that area this spring.

Philosophy Statement/What Makes Our Board Special:

What makes this Board effective is the diverse backgrounds and professions of its members, the willingness to openly discuss differences in opinions. The most important characteristic is the focus of all decisions is grounded in student success and impact on the classroom.
